Praveer Sinha
CEO & Managing Director
Tata Power Delhi Distribution Limited
New Delhi, India

Praveer Sinha is the **CEO & Managing Director of Tata Power Delhi Distribution Limited (TPDDL)**. TPDDL is a Public Private Partnership (Joint Venture) of Tata Power and Government of National Capital Territory of Delhi. The company has a registered customer base of 1.5 million and it reaches out to over 7 million consumers in North and North-West part of Delhi through its services. Mr. Sinha has nearly 31 years of experience in developing and setting up Greenfield and Brownfield Power plants in India and abroad and has actively contributed in bringing about huge socio-economic development and positive changes in these project sites which are mostly in the under developed areas of the Indian subcontinent.

Mr. Sinha is extremely passionate towards development and implementation of CSR strategy of the organization resulting in inclusive growth of the society. Under his leadership, TPDDL has created an integrated sustainability model which resulted in multifold increase in the number of CSR programs and related beneficiaries in the National Capital.

Mr. Sinha is also a strong votary of usage of technology and smart grid initiatives including demand response, demand side management and roof top solar energy in meeting with India's rising energy demand. He is actively involved in interfacing with the Government of India and Ministries on Policy Issues, Regulations etc. for the sectorial sustenance. Under his able leadership, TPDDL has also become a part of the National Smart Grid Mission. The Mission will encourage State Discoms/ companies to take up projects in the above areas along with technology partners to bring in innovation and new technology implementations in the sector.

Under Mr. Sinha's leadership, TPDDL has embarked upon its Solar Journey through promotion of roof top solar projects for its consumers and through active participation in formulation of Delhi Solar Policy in close coordination with Govt. of Delhi.

Mr. Sinha is also member of prominent committees for reforms in Power Sector like 'Committee on Financial Viability and Restructuring of Discoms' and 'Committee to Review the National Electricity Policy' etc. He has been unanimously elected as the Chairman of the Smart Utilities Group (SUG). The SUG will give Vision, Direction and Focus to address challenges in improving performance of Distribution Utilities by adoption, assimilation and deployment of state-of-the-art technologies which are scalable in the Indian context. He is also a Co-chairman of CII Regional Committee on Power Reforms & Renewable Energy, Member of CII Northern Regional Council, FICCI Task Force on Smart Cities and Management Institute "Faculty of Management Studies", Delhi University.

Mr. Sinha holds a Master's Degree in Business Law from National Law School, Bengaluru and is also professionally trained as an Electrical Engineer.
