

52 WEEKS POST DIPLOMA IN THERMAL POWER PLANT ENGINEERING

The objective of the course is to develop groomed manpower for the power sector having high skills and confidence in running a Power Plant. This course covers the complete syllabus which includes the class room sessions as well as on-the-job training. The students are provided on-the-job practice sessions in various Thermal Power Plants and visit some reputed manufacturing plants. To enhance the personal and managerial skills, Managerial Inputs are also given to the students. After completion of the course the students would be readily available for the Indian Power Sector for taking over the charge of Operation & Maintenance of Power Plant Equipment's. The course is also open for the sponsored candidates from Power Utilities.

Eligibility and Selection Criteria: Diploma or equivalent in Mechanical, Electrical Engineering from a recognized university/institution. Selection is based on the Merit of marks of 10th, 12th & Diploma Engineering. **Age Limit:** For Non-sponsored candidates, the age limit is 26 years. No age limit for the sponsored candidates.
