MESSAGE

I am delighted to note that IREDA has come out with a "Compendium of Regulatory and Tariff Orders issued by Central Electricity Regulatory Commission and State Regulatory Commissions on Renewable Energy Sector in India."

It covers all current Regulatory and Tariff aspects relating to CERC and SERCs and also covers all the features related to Renewable Energy Sector which have been summarised at one place in this document.

This Compendium, I am sure, would prove to be a valuable resource for not just the developers, manufacturers, utilities and investors but to all other stakeholders also in the Renewable Energy sector.

I appreciate the sincere efforts made by IREDA in preparation of this compendium.
