

Central Board of Irrigation & Power

An ISO 9001 : 2008 Organization

No. /Power/RSOP/CPRI

Dated June 2013

All the Power Professionals

Sub: All India Computerized data base of Experts in the field of Power and Renewable energy Sector – reg.

Sir,

As you are kindly aware that the main objectives of CBIP is to manage and disseminate technical knowledge through publication of technical literature, manuals guidelines etc and conduction of long term and short technical programs, providing consultancy etc. in Power, Water and Renewable energy sectors. CBIP also acts as a think tank and takes up various thrust or the problem areas which need immediate attention. CBIP Is also associated with a number of international organizations of Power Sector like CIGRE, IASH, AARO, INHA etc. and their National Secretariat is housed at CBIP to share the Indian experience with these organizations.

CBIP utilizes the expertise of various experts on regular basis in many of the above activities in the following manner:

- As an expert in the Committee for development/updation of technical manuals
- As an expert in various high end workshops/seminars/conferences etc.
- As a faculty in various training programmes for power engineers
- As an expert of the Working Group for any consultancy assignment
- As a part of the think tank to deliberate on a specific issue
- For association as an expert in execution of any of the research projects
- To act as the member of National Committees of International organizations

For last many years CBIP had been maintaining the data of such experts in the country and the last data was captured in the year 2006. Now we wish to update such data of experts in various disciplines of Power Sector. You, being an expert having rich experience in power sector, we are to request you to help us in capturing your data for registering you as an expert by filling your details in the format by clicking the line <http://cbip.org/ExpertRegistration.aspx> given on our website i.e. www.cbip.org. This data will prove to be very useful and go a long way in providing various services/ activities, as are required in the development of the Power Sector of our country.

We also request you to kindly bring it to the notice of other professionals in touch with you to send their details. We would also like to intimate that the criteria for registration of the expert suggested is Superintending Engineer/Deputy General Manager or equivalent working in Govt./Pvt. Power utilities organizations and above in the concerned field.

An early action in the matter is solicited please.

Thanking you

Yours faithfully,

V.K. Kanjlia
Secretary
