Central Board of Irrigation and Power

Centre of Excellence, Plot- 21, Sector-32, Gurgaon

At L&T Electrical and Automation, Switchgear Training Centre- Delhi

We are delighted to share with you, that L&T Electrical and Automation, Switchgear Training Centre- Delhi, has conducted a special training program on 'Introduction to Industrial Electrical System' for the 10 students of CBIP in the month of May 2022

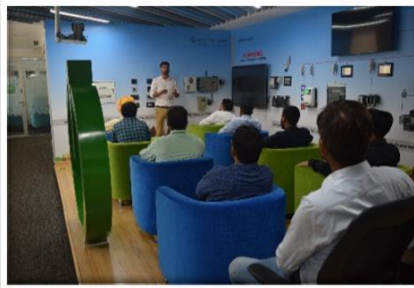

We conducted this special training program in hybrid mode of training and covered below mentioned topics:

- Overview of Power Systems
- Theory & Workshop Demonstration session on LV Switchgears (i.e., Contactor, Overload Relay, Motor Starters, LV Circuits Breakers)
- Basic overview of soft starter, drives, bus bar trunking, Power factor improvements
- Overview of Industrial Communication & Smart Switchgear
- Session on 'Campus to Corporate'

The program was evidenced as a prodigious learning experience & was well appreciated & applauded by the participants.
